Node.js API Masterclass With Express & MongoDB • 12/2023
Traversy Media

Modern JavaScript From The Beginning 2.0 • 08/2023
Traversy Media

Full Stack PHP Web Development • 05/2023
Agit Solutions

Version Control • 12/2022
https://coursera.org/veriy/Z2FMDQMBQXWA

Introduction to Front-End Development • 11/2022
https://coursera.org/veriy/U5R27UXSU48T

AWARDS & SCHOLARSHIPS

Face Of Institute Universitaire du benin for computer science • 12/2018
Institute Universitaire du benin(IUB)

PROJECTS

Banking API • 12/2024
Web Solutions

Designed and implemented a high-performance Banking API using Go (Golang) to facilitate secure and efficient financial transactions.

E-commerce Platform • 11/2024
Web Solutions

Developed a feature-rich E-commerce Platform utilizing HTMX and Go (Golang) to deliver a seamless and interactive shopping experience

Energy Corp • 09/2024
Web Solutions

Developed a scalable RESTful API for managing prepaid electricity meters using Node**.**js and Express**.**js. This API streamlines electricity management with secure and user-friendly functionalities

Real Estate Application • 06/2024
Uds Realty

Developed UDSRealty, a full-stack real estate application using Next**.**js, enabling seamless property management and transactions.

Feldor - Drone Delivery Application • 03/2024
Feldor

During my internship, I contributed to the development of the frontend for Feldor, a React Native application focused on facilitating drone delivery services.

Hospital Management System • 12/2023
Agit Solutions

Developed a comprehensive Hospital Management System in PHP with MySQL, featuring patient and doctor management, billing, secure role-based authentication, and streamlined hospital operations, demonstrating expertise in backend development and database management.

DevCamper Api • 12/2023
Web Solutions

Built a comprehensive RESTful API for a bootcamp directory called DevCamper using Node.js and Express.js. The API provides robust features for managing bootcamps, courses, reviews, and user authentication.

Justiles e-commerce • 04/2022
Web Solutions

Developed a full-stack e-commerce application for a tile store using React, Express**.**js, and MongoDB.

VOLUNTEERING & LEADERSHIP

Agit Solutions • 12/2023
Teacher • Abuja, federal capital territory
